

### Missing Sidewalk Rankings

This section of the Plan shows the rankings for sidewalk projects throughout the City using the new method described in Chapter 3. The new method was tested using the list of approved FY 2011 sidewalk projects (shown on Map 3 in Chapter 2, Existing Conditions), then refined for use on 223 miles of missing links throughout the City. Of these, funding is identified for nearly 11 miles of new sidewalks (See Table 1. Funded (committed) sidewalk projects.). The remaining 212 miles were scored and ranked using the new sidewalk method, creating a master sidewalk priority list.

Map 19 shows missing sidewalk scored using the new method. Sidewalk projects for which funding has been identified shown in Table 1. Funded (committed) sidewalk projects. are indicated with the color black. Missing sidewalk projects scored and ranked in this plan are shown in a series of maps and a summary table (see Table 2). Sidewalk project scores, ranging from a low of 15 to a high of 65, are divided into three tiers:

- » Tier 3: Scores between 15 and 30 (light purple)
- » Tier 2: Scores between 31 and 40 (medium purple)
- » Tier 1: Scores between 41 and 65 (dark purple)

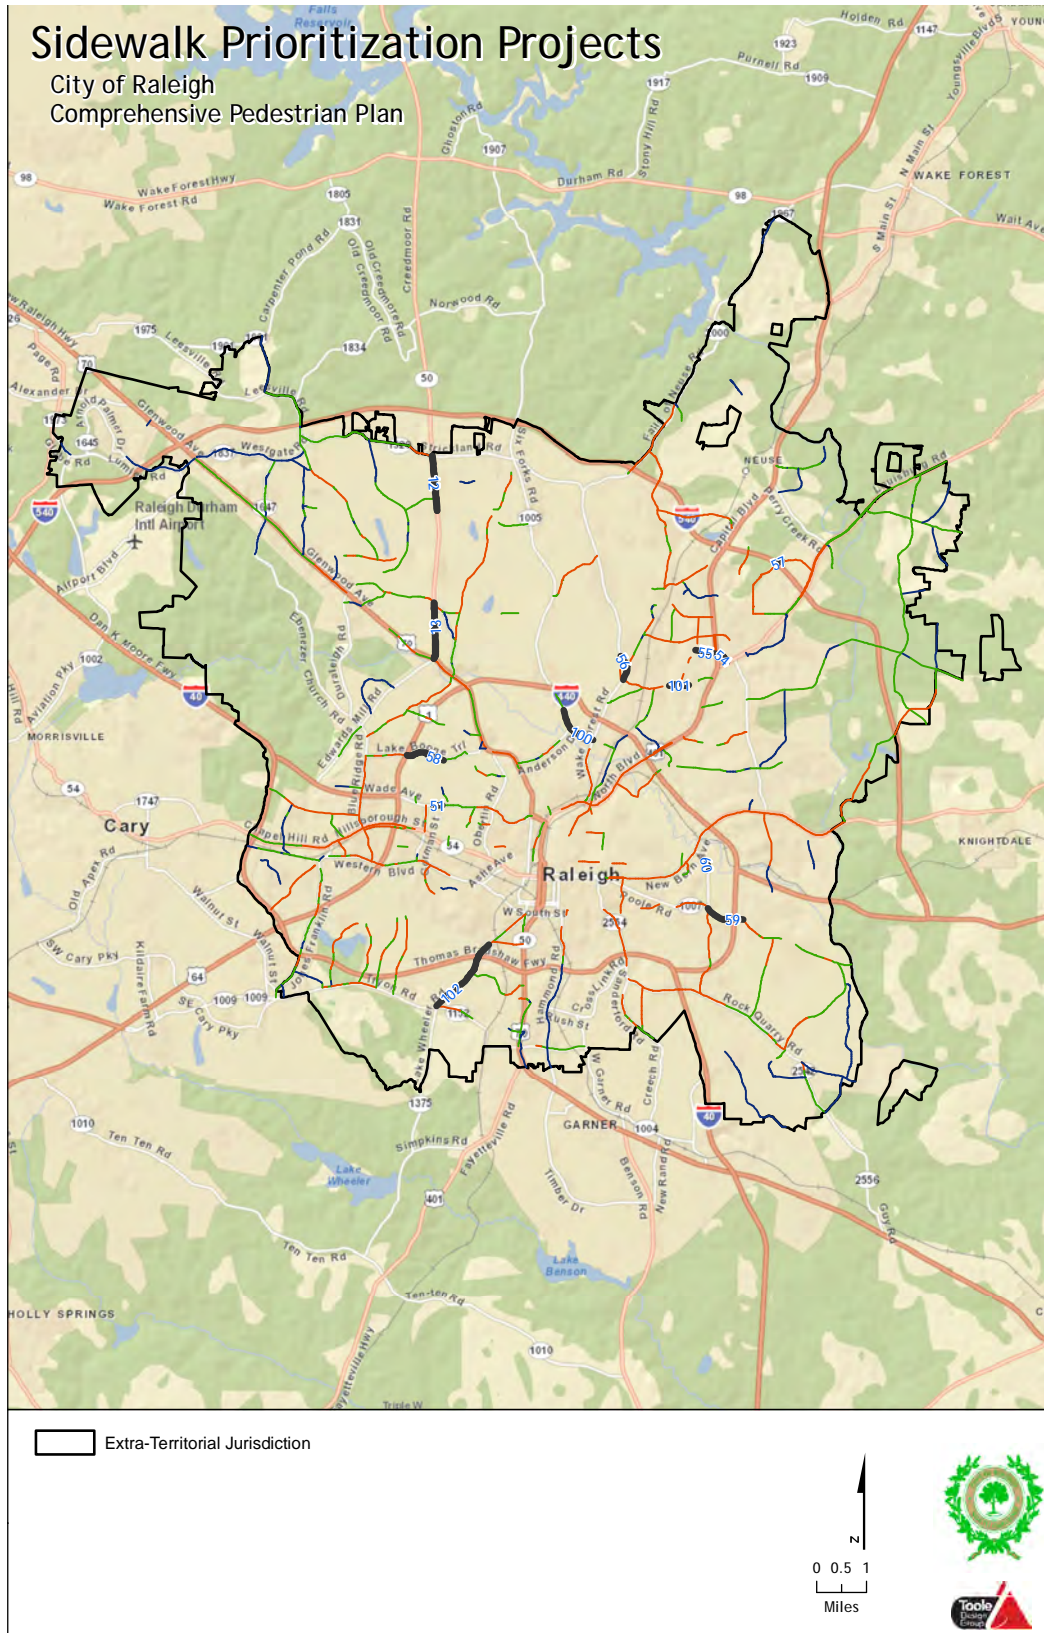

A series of four maps shows the sidewalk project locations and scores in closer detail. Map 20, the quadrant locator map, shows how the City is divided into more detailed map:

- » Map 29. Missing sidewalks in northwest quadrant.
- » Map 30. Missing sidewalks in southwest quadrant.
- » Map 31. Missing sidewalks in northeast quadrant.
- » Map 32. Missing sidewalks in southeast quadrant.

Table 2. Funded (committed) sidewalk projects.

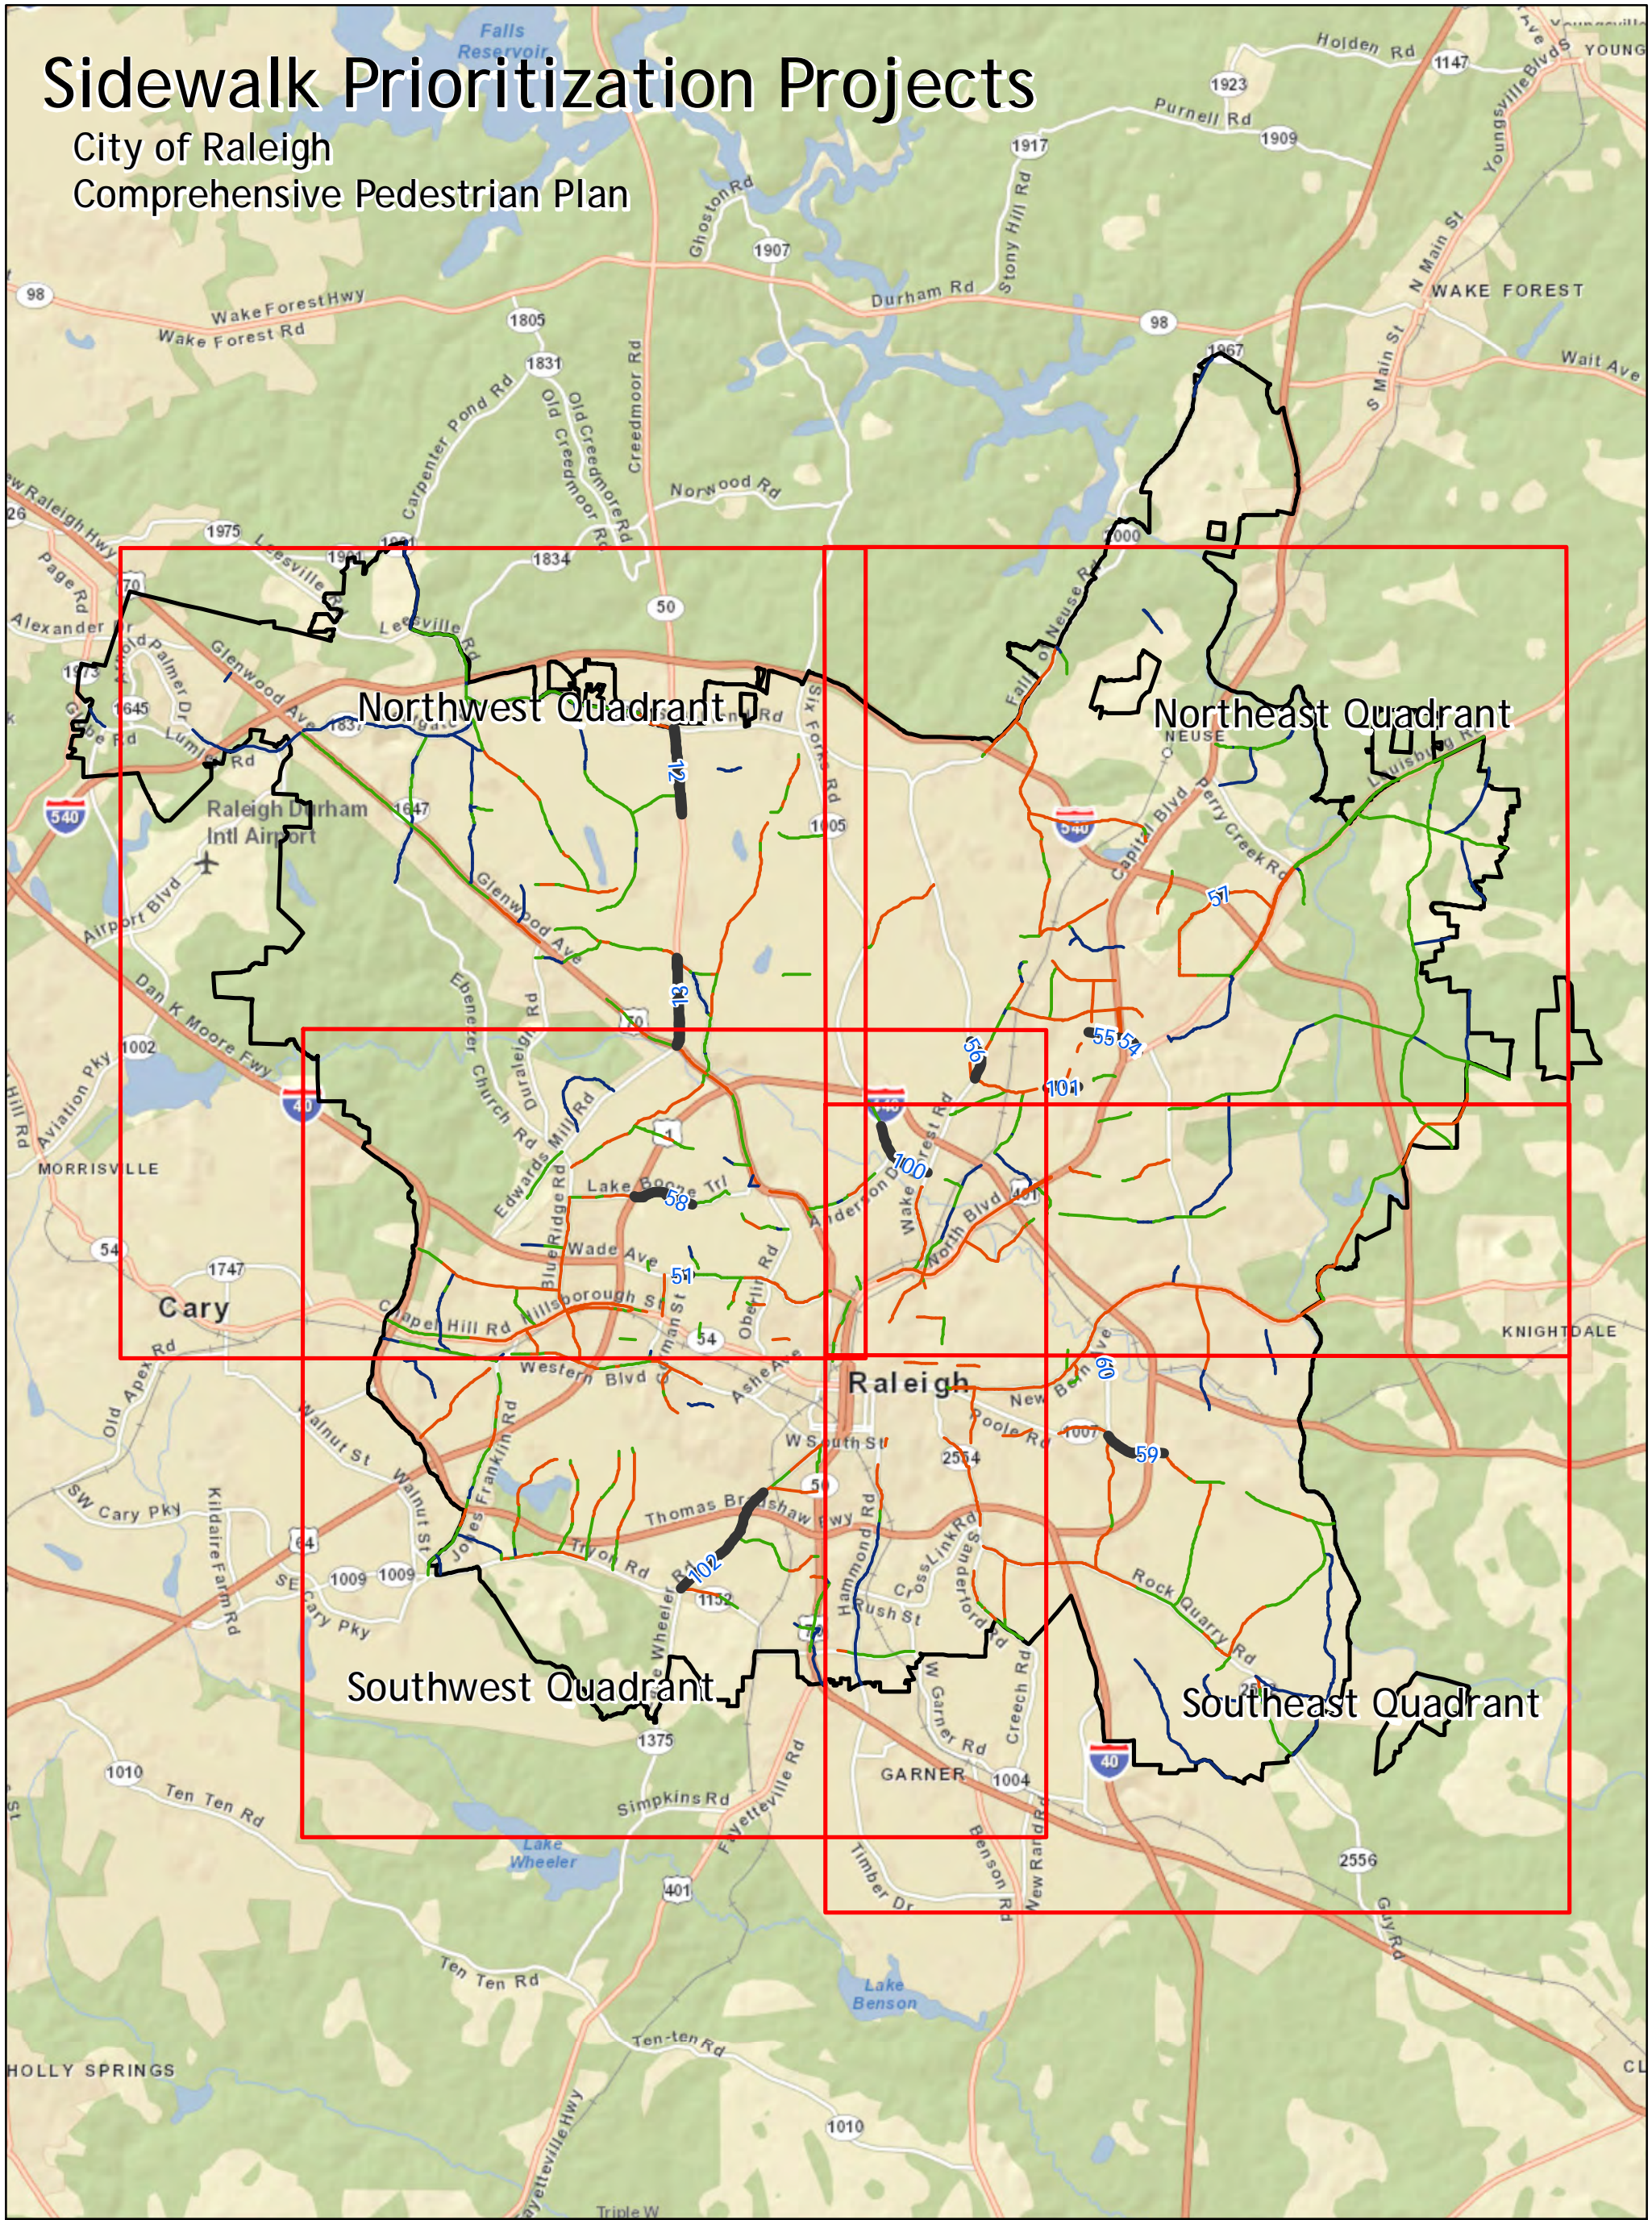

Map ID	Road	Segment
12	Creedmoor	Between Stonehenge Drive and Strickland Road
13	Creedmoor	Between Glenwood Avenue and Millbrook Road
102	Lake Wheeler	Between Centennial Parkway and Tryon Road
101	New Hope Church	Between West of Green Road and Ingram Drive
100	Six Forks	Between Wake Forest Road and Coleridge Drive
51	Wade	Between Dogwood Lane and Hymettus Court
54	Calvary	Between Capital Boulevard and Louisburg Road
55	Calvary	Between Green Road and Capital Boulevard
56	Falls of Neuse	Between Hardimont Road and Bland Road / Pacific Drive
57	Fox	Between Werrabee Drive and I-540 Bridge
58	Lake Boone	Between I - 440 and Dixie Trail
59	Poole	Between Sunnybrook Road to Old Poole Road
60	Sunnybrook	Between Holston Lane and existing sidewalk on south side

Map 32. Missing sidewalks scored with new system.

### Sidewalk Project Funding.

Raleigh’s Sidewalk Program identifies projects that were not funded or built through a previous roadway improvement project or private development. The majority of projects considered for this program are located arterials, thoroughfares, and collector streets. Sidewalk projects for low volume residential streets are typically handled via a separate petition process, as described in Chapter 3, Best Practices, Design Standards, and Raleigh’s Sidewalk Program.

Funding for the Sidewalk Program is limited, therefore only streets with existing curb and gutter are considered at this time. New sidewalk construction along unimproved streets are handled either through inclusion with a major street improvement or as standalone CIP project and are typically not eligible for funding through the Sidewalk Program. Thus, once scored, each project was further described with one of the following three identifiers relating to the project scope:

- » Sidewalk-only projects (see Table 3)
- » Sidewalk projects needing curb and gutter (see Table 4)
- » Sidewalk projects as part of major street improvement (see Table 5Error! Not a valid bookmark self-reference.)

These identifiers are used as a first step in project implementation, but do not affect project score or rank. For example, the importance of two projects may be the same, but the implementation strategy and timeline depend on the relevant scope identifier. The following three tables show sidewalk projects organized by scope. Additional information on sidewalk project implementation, including cost estimates for “Sidewalk Only” projects is included in Chapter 6, Implementation Plan.
