

CITY OF RALEIGH

POLICY FOR PREQUALIFICATION OF BIDDERS FOR CONSTRUCTION PROJECTS

A. PURPOSE:

1. The purpose of this prequalification process is to impartially evaluate a contractor, and to properly determine by its responsible business practices, work experience, manpower, and equipment that it is qualified to bid on a construction project, including prime contracts awarded by construction managers pursuant to the Construction Manager at Risk ("CM at Risk") process. The award of contracts should be the result of open competition in bidding; impartiality in the selection of contractors; integrity in business practices; and skillful and safe performance of public contracts.
2. The Bid Agent shall be responsible for prequalifying individual contractors to bid on construction projects when the City believes prequalification is preferred. Prequalification is limited to construction or repair projects (regardless of cost) that are bid under the single-prime, separate-prime (multi-prime), or dual bidding methods. A bidder shall be deemed nonresponsive if it submits a bid on a construction project subject to prequalification for which it has not been accepted for prequalification in accordance with this policy.
3. Prequalification is prohibited for contracts for architectural, engineering, surveying, construction management at risk services, design-build services, and public-private partnership construction services.
4. The Construction Manager at Risk shall use the process outlined in this policy for the prequalification of contractors on CM at Risk projects. The construction manager and the City shall jointly develop the assessment tool and criteria for each CM at Risk project, including the prequalification scoring values and minimum requirement score.
5. Notwithstanding the fact that a contractor was prequalified, the City reserves the right to reject a contractor's bid if it is determined that the contractor has not submitted the lowest responsible and responsive bid. The prequalification of the contractor shall not preclude the City from subsequently concluding that the contractor is not a responsible bidder pursuant to G.S. 143-129. The prequalification of a contractor for a project shall only apply to the individual project. All construction and repair contracts shall be awarded to the lowest responsive and responsible bidder, taking into consideration quality, performance, and the time specified in the bids for the performance of the contract.

B. ORGANIZATIONS AFFECTED:

- 1 All Departments/Divisions

C. DEFINITIONS:

- 1 Bid Agent – Person assigned the responsibility to prepare the request for qualification, bid, and contract documents, advertise bids and proposals, and open bids for contracts under the direction of the Project Manager. D. PREQUALIFICATION PROCESS:

1 Each prospective bidder on contracts identified for prequalification by the Bid Agent and all CM at Risk projects shall submit an application on the approved prequalification application form in order to become prequalified.

2 The approved prequalification application form will require information to be provided on the ownership of the firm, experience of firm's personnel, any affiliations with other construction firms, bonding capacity, financial resources, the type of work performed by the firm, and other objective criteria rationally related to the particular contract to be awarded.

3 The Bid Agent shall ensure that applications prepared for the projects comply with this policy and State law. The application is to be submitted by the deadline established in the notice of prequalification. The notice must be posted on the City's website for a minimum of two weeks for any construction project estimated to be \$30,000 or more. The act of submitting the application does not permit the firm to submit a bid. Incomplete applications will be rejected or returned for further detail or correction in the sole discretion of the City.

The written protest shall clearly identify the project and the Project Manager, clearly articulate the reasons for the protest, and attach any documents or additional information in support of the firm’s position. The Purchasing Manager, or designee, will contact the firm and set up a date and time to discuss the protest. If upon review, the Purchasing Manager, or designee, determines that the firm meets the criteria for prequalification, the firm shall be notified that it is prequalified to bid on the project and allowed to participate in the bid process. If the Purchasing Manager, or designee, upholds the denial, the firm shall be notified in writing by e-mail and first class mail.
- b. If the firm desires further review after receiving the decision of the Purchasing Manager, the firm may request an administrative review and final decision by the City Manager, or designee. If the City Manager, or designee, upholds the denial, the firm shall be notified in writing by e-mail and first class mail.

2 **General Rules for Protests** – Firms submitting applications shall be provided an e-mail address for communication with the Purchasing Manager during the protest process. The firm shall provide at least two e-mail addresses for use by the Purchasing Manager in communicating with the firm. The bid opening cannot occur until the protest process is completed. The bid opening must be scheduled in order to allow sufficient time for a bidder that is prequalified as a result of a protest to submit a bid on that project.
